

Mask-wearing to be optional for hotel staff members

PERIOD

2023.05.08~

The classification of “COVID-19” has been downgraded to the same level as the seasonal influenza under the Infectious Diseases Control Law as of May 8th.

Along with this judgment, we have decided to respect individual’s choices and make mask-wearing optional for hotel staff members.

We will continue to serve our guests with best efforts and we sincerely look forward to your continued patronage.

Thank you very much for all of your understanding and cooperation.
